KC — Indicates Kansas City Inset
SP — Indicates Springfield Inset
JW — Indicates Joplin-Webb City Inset

MILEAGE CHART

To find the distance between any two towns listed on the mileage chart, select the one that comes first in alphabetical order and follow down the vertical column of figures from this name until you reach the horizontal row of figures leading across to the other name. At this intersection you will find the approximate distance in miles between the two points, by the shortest or most practicable route, following numbered highways. Distances shown are between Central Business Districts. See yellow band on chart for example.

EXECUTIVE OFFICE
STATE OF MISSOURI
JEFFERSON CITY

JOSEPH P. TEASDALE
GOVERNOR

Greetings!

If you're a visitor to Missouri, I welcome you. If you're a Missouri native, I thank you for showing your pride and special interest in our state by obtaining this map. Both visitor and native alike will soon discover this map is a key which unlocks the unique qualities of America's heartland.

Missouri is filled with legendary history, stories about folk heros and notorious outlaws. Its roads were once paths carved by early American explorers and settlers.

Missoui is also a state filled with man-made, as well as natural beauty. For instance, there is the St. Louis Archway, symbolic of the link Missouri plays between the nation's east and west across the Mississippi River . . . or, in Kansas City, the famous Country Club Plaza, grandfather to the modern-day shopping center.

The splendor of the Ozark lakes and rolling hills, lined with dense and colorful forests, offer the most relaxing beauty in America. However, Missouri's real attractiveness is its warm and friendly people. They make visitors feel at home anywhere in the state.

You will discover this for yourself as you let this map guide you over the state's 32,000 miles of safe and convenient highways. As you use them, I ask that you drive carefully and have a pleasant journey.

Sincerely,

Joseph P. Teasdale
Governor
